Why Mochaberry Coffee

High profit margins, freshly roasted, custom ordering, free delivery

Freshly roasted coffee might not be the first thing that comes to mind when you think about fundraising, which is why it's the perfect product to capture a potential customer's attention – this unique product will stand out against the chocolate bars, magazine subscriptions and cookies as an item that people will enjoy themselves or give as gifts.

But that's not the only reason this is your best fundraising choice.

High Profit Margins

You have the option to set your own selling price – which you can customize based on your customer base and fundraising needs – this results in incredible profits for your organization - up to \$4.00 per bag of coffee sold.

Freshly Roasted To Order

An excellent cup of coffee is better enjoyed rather than just consumed. Your coffee is roasted only after it is ordered.

This means you get the freshest coffee possible! We can also create custom labels to personalize your organization and spread your fundraising message.

Free Delivery

We make it easy! We will provide you with easy to use order forms, personalized service and free delivery in the Dufferin area. We will ensure you receive your orders promptly and accurately. (Minimum quantities may apply)

3 Easy Steps to Fundraising Success

Mochaberry Fundraising helps make the process of selling fresh roasted coffee an easy and fun experience

Coffee is a great way to put a perk in your step and to perk up your fundraising campaign.

With Mochaberry's fundraising program, you'll find an easier way to achieve impressive profits.

Getting Started

Whether you are a first-time fundraiser or experienced in sales, Mochaberry makes the process simple for you and your organization.

1. Choose a Fundraising Co-coordinator.
2. Contact Mochaberry – we'll provide a selection of delicious gourmet coffee products for you to sell, simply choose a selling price and then we'll put together the rest of your fundraising package including:

- customizable order forms
- posters
- parent letters

(Please allow 2 – 3 business days for us to get your fundraiser program organized).

3. Distribute order forms to all fundraiser participants. Ensure to communicate your timeline so orders are received and can be delivered on time.

Taking Orders

Participants collect coffee orders and funds from customers, recording the information on the order forms.

(We suggest selling to family, friends, neighbours, at sporting events, school cafeterias, outside shopping areas)

We strongly recommend having customers provide payment at the time of ordering since we must have full payment prior to the product leaving Mochaberry.

When the pre-sales period is complete, the order forms and funds are turned in to the Fundraising Co-coordinator who will then submit a master order form for submission.

Delivery

The final step in the process is to deliver your order totals and wholesale payment to Mochaberry. Your organization keeps the profits!

(Accepted payment methods are cash, cheque or credit card)

Within 2-3 weeks we will process your order. Your coffee will be FRESH ROASTED, packaged and then delivered directly to the Fundraising Co-coordinator.

The Fundraising Co-coordinator distributes the orders to the sellers, according to the order forms. Plastic bags are available for easy sorting. The sellers then distribute the fresh roasted coffee to their customers.

Order forms will be included with all final orders if your customers wish to make additional orders.

Mochaberry Coffees

We've selected our best-selling coffees for your organization to sell. All coffee is freshly roasted and packaged in airtight bags. All coffee will be ground before packaging for your customer's convenience – whole beans are available upon special request. We also offer your group special wholesale pricing so you can reach your goals. Our coffees cost your group between \$4.50 - \$5.00 per bag. You then set your selling price based on your fundraising goals.
